

Connoisseur III

Height 620mm Width 220mm Depth 490mm

The Connoisseur III is able to meet the demands of the catering outlet where quality, speed and ease of use are essential. If there is a need for up to 280 beverages per hour the Connoisseur III can cope with the pressure.

The ease of use together with versatility of this system has made it one of the most popular models in the Allied portfolio. A choice of two fascias are available, the 'Sandwich Front' is ideal for fast food and takeaway outlets and the 'Traditional Style' for restaurants, public houses or catering establishments looking to create a more attractive frontage for their beverage service equipment.

The Connoisseur III is available in a mains water or pumped version with an energy saving standby mode.

A choice of 11 drink options are available, with the choice of two strengths - strong and regular.

- Small as a pour over
- Dual cup sizes
- Two different fascias available
- Up to 280 cups per hour
- Fully Auditable
- No Waste - each cup freshly made
- Self-cleaning cycle

Drinks: Cappuccino, Espresso, Espresso choc, Café Latté, White Coffee, Black Coffee, Chocolate, Chocomilk, constant Hot Water for Tea.
